YEMA

Vi presentiamo il YEMA - Youth Exchange Mobile App!

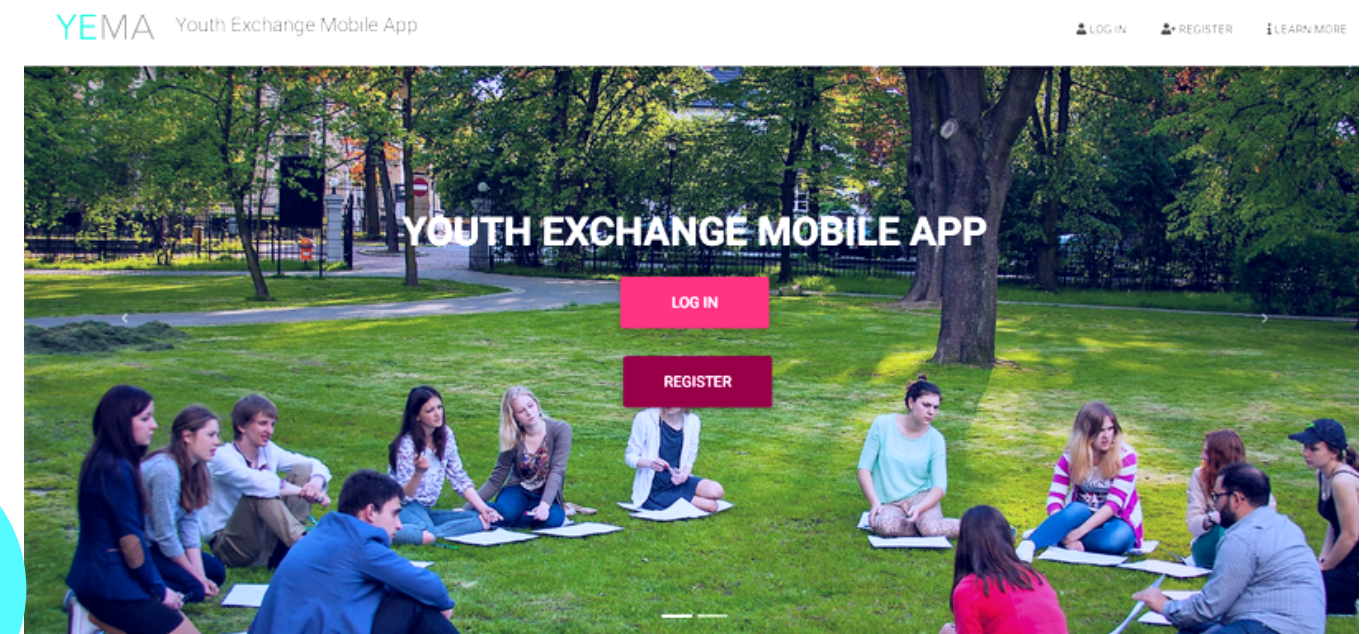

Durante il progetto abbiamo sviluppato un'applicazione mobile, che è uno strumento didattico a supporto degli scambi giovanili internazionali.

L'applicazione copre tutte le funzionalità richieste per la comunicazione del progetto, l'implementazione basata sul progetto, la gestione del progetto, il networking e la diffusione dei risultati.

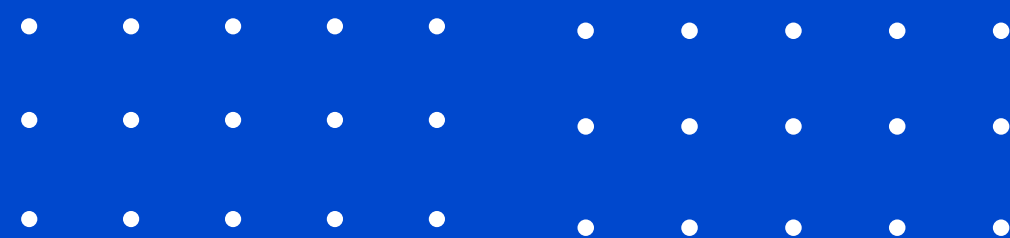

L'applicazione è un esempio dell'uso efficace delle tecnologie dell'informazione e della comunicazione (TIC) nell'istruzione e nella formazione dei giovani. Il progetto è innovativo e promuove l'uso delle nuove tecnologie come forza trainante per il cambiamento in meglio nel campo dell'istruzione e della formazione giovanile.
